

PASQUARELLA

CONGRESS

PEACE + PEOPLE = POSSIBILITIES

My name is Helena Pasquarella and I am running to be your representative in the 24th District.

Our Government is not working for us, but instead for the Military Industrial Complex and corporate interests. While 75% of Democrats want a ceasefire in Gaza, Salud Carbajal continues to send millions of dollars for the genocide in

Gaza and around the world. We want our taxes to create peace at home with affordable housing, health care for all, quality education, jobs, and an end to gun violence in our communities.
